Age: _____ Person completing this form: _____

Many concerns can apply to both children and adults. If you have brought a child for evaluation or treatment, first, please mark all of the items that apply to your child on the "Adult Checklist of Concerns." Then review this checklist which contains concerns (as well as positive traits) that apply mostly to children, and mark any items that describe your child. Feel free to add any others at the end under "Any other characteristics".
