Consent for Treatment

I authorize/request my practitioner to carry out psychological and/or psychiatric exams, treatment and/or diagnostic procedures, which now, or during the course of my treatment become advisable. I understand the purpose of these procedures will be explained to me upon my request and that they are subject to my agreement. I also understand that while the course of my treatment is designed to be helpful, my practitioner can make no guarantees about the outcome of my treatment. Further, the psychotherapeutic process can bring up uncomfortable feelings and reactions such as anxiety, sadness, and anger. I understand that this a normal response to working through unresolved life experiences and that these reactions will be worked on between my practitioner and I.
